| Instructional Procedure - See Document Attached Here	
Day 1	
6 Minutes	Naviance Login 1. Have students login to Naviance at student.naviance.com. Have them type in their area code and select their home school district. 2. Students will use their specific student login in to access their main Naviance page. **Naviance | Student** Welcome to Naviance Student **Email** **Password** Remember me Forgot your password? Login Need additional help? **Are you new here?** I'm a guest I need to register **Palmyra Area Ms** 50 W Cherry St Palmyra, PA 17078-2301 p: (717) 838-2119 http://www.pasd.us/website/school_main.php? schoolid=2766 Privacy Policy **Naviance | Student** Home Colleges Careers About Me My Planner **Welcome, Jen!** Search for Colleges 🔍 Type a college name SEARCH **Palmyra Area School District College-Career Ready** Welcome to the Palmyra Area School District's College and Career Readiness Naviance solution. Throughout middle school and high school, Palmyra students will be able to utilize this online tool to match college and career pathways to their interests and abilities. Students will explore their strengths, abilities, and interest areas and align themselves with a pathway to their post-secondary institution and/or their career. Read more **Important To-Dos and Tasks** **My Favorites** ❤️ COLLEGES I'm thinking about 🎓 COLLEGES I'm applying to ❤️ CAREERS AND CLUSTERS I'm thinking about **What's New**
1 Minute	3. Students will scroll down and click on College and Career Readiness Lessons ((bottom of page highlighted in purple)

Palmyra Area Ms   Copyright 2019, Hobsons Inc

5 Minutes	4. Have students go to the lesson titled **My Future Plans.** This lesson is located on page 3 of the student lessons page. Have them click "get started" once they are on this page.
15 Minutes	5. Students read and learn about planning for the future, which include descriptions of the following post-secondary options: ● College or University ● Community or Technical College ● Military ● Work

	‹ Back ●━━━━━○ Close ✖ **My Future Plans** You have many options when it comes to your future. Exploring these options early will help you be prepared as you begin your path to success. **① Read about making plans** Do you know what you want to do after high school? Is college in your future? Maybe you want to go into the military or start working right away. Typical paths for high school graduates include: **College or university** You may choose to attend a four-year college right after high school. A lot of times, students move away from home and live on the college campus. You will have to apply to colleges, and colleges evaluate students by looking at grades, test scores, involvement, teacher recommendations, and other criteria. **Community or technical college** You may also decide to start at a two-year college. Community and technical colleges allow you to live at or close to home and take classes related to a career or to get you ready for your last two years at a four-year college or university. You also have to apply to community or technical colleges. **Military** Some students decide to go into the military right after high school. The Army, Navy, Marines, Air Force, and Coast Guard are all branches of the military open to you. Military recruiters will be ❭
10 Minutes	6. Students read how to get ready for the future, including: ● Exploring careers and post-secondary options ● Developing study habits for success ● Gaining awareness of career goal setting and what they need to achieve that goal (college- do I need it or is there another option?) ● Discussing our plans and options with teachers, siblings and family members. **My Future Plans** You have many options when it comes to your future. Exploring these options early will help you be prepared as you begin your path to success. **① Read about making plans** going to college, you may also choose to join the workforce right after you graduate. This path allows you to make money right away, but depending on the career you want to do, you may not be fully prepared to advance in your job if you do not have some college education. Jobs sometimes check your grades and want you to have the ability to think well and work hard. What path is right for you? You may not know yet, but you will will make these decisions throughout middle school and high school. Because your path can change at any time, you should be prepared for everything. To get ready for your future, you should: ❭ **Explore** various careers and interests that you have. ❭ **Study** hard to help you develop good habits, get good grades, and do your best on tests. ❭ **Be aware** of what each option means to you. ❭ **Discuss** your path with your family, teachers, counselor, and family. ❭
15 Minutes	7. Students answer questions related to planning their future, which include: ● What career goals do I have? Which post-secondary options best fit my needs? How can I start studying now to be successful? Who can I talk to if I have questions?

2 Choose an answer

What would you like to do after you graduate from high school?

✔ **Attend a 4-year college or university**

☐ Attend a community or technical college

☐ Enlist in the military

☐ Work

>

3 Share your thoughts

Why have you chosen this path after graduation?

The career that I am choosing is to become a counselor. From the career scavenger hunt, I
know that I need to go to at least 4 years of college for this career.

6 Share your thoughts

What else will you do to help put you on the right path
to your future (visit colleges, explore careers, discuss
with your family?)? Explain the steps you will take and
why you feel this is important.

Continue to discuss college with my family. I know the cost is something that they cannot
afford, so I want to make sure we have a plan in place (look into scholarships, talk to my
counselor, etc).

5 Minutes	8. Students will then share their answers within the small group and

allow for feedback from both teacher and other students. Students will submit their information into their Naviance account:

Day 2	
5 Minutes	**Review** Teacher will review Day 1 Material. Ask students to name the different post-secondary options that they learned about from Day 1. Make sure they name all of the different options and what they mean (College/University, Community College, Technical College, Military and Work, On-the-Job Training.
30 Minutes	**Scavenger Hunt** Students will work on an extension activity. For this activity, students will be required to look up information by doing a scavenger hunt of jobs. This activity will allow students to: learn how to look up current job openings, understand what skills are needed for that job, determine what educational requirements are needed for these jobs and exposing the students to different jobs that range in post-secondary schooling/training. 1. Break students up into groups of 4 (count off in 4's). This will be their "job search group." 2. Each group will receive this form which outlines what they will be searching: https://docs.google.com/forms/d/e/1FAIpQLSfrdgu2ZI94qp-Obri_f3PaKNUfYw2Ilaga9y5HdCT7qt6Jsw/viewform?usp=sf_link 3. It also outlines the information that they need to retrieve from the UPMC website and www.pacareerzone.org. 4. The students are on a scavenger hunt. They are looking for careers within the healthcare spectrum. There are numerous careers within healthcare that are in demand and require different types of credentials. 5. Students will be directed to the UPMC Healthcare Job Site at https://www.pinnaclehealth.org/professionals-and-job-seekers/.

	6. Students have to, as a group, find the answers to the scavenger hunt questions that are on the form. 7. At the end of the hunt, groups will share their answers with the class.
10 Minutes	Follow up discussion questions include: ● What is something new that your group learned today? ● What is something that you found interesting? ● Were there any careers that you were surprised by their post-secondary needs? ● Are there any careers that you found of interest to you or that you did not know about prior to this activity? ● How can you apply this knowledge to future job searches?
