

				
RECORDING	My recording is difficult to understand. I did not read 5 or more words correctly.	Sometimes I read too fast or not clearly enough to understand. I did not pronounce all the words correctly.	I spoke clearly, pronounced most of the words right and with some expression.	I spoke clearly, pronounced all the words correctly and read with expression.
EFFORT	I did not try my best. I did not practice before recording.	I put some effort into my work, but did not practice well or finish my best.	I tried my very best. I practiced my reading before I recorded.	I tried my very best and turned in my best work.
